## THE CREATIVE SPACE: LOUISE DUGGAN, MD AT OPHELIA ART CONSULTANCY

Continuing our focus on Dubai this month, I have another place in this awe-inspiring city that has got Louise Duggan's – the managing director of Ophelia Art Consultancy, creative juices flowing.

So Louise, where in Dubai is your Creative Space?

*We recently won the contract to supply the artwork package for the luxury Palazzo Versace hotel, in Dubai.*

*It was the transformation of the space that was the most inspiring thing about it. When we started working on the project when it was a dusty building*

site, we had to duck under scaffolding and had to rely on our ability to visualise the hotel from the shell and core.

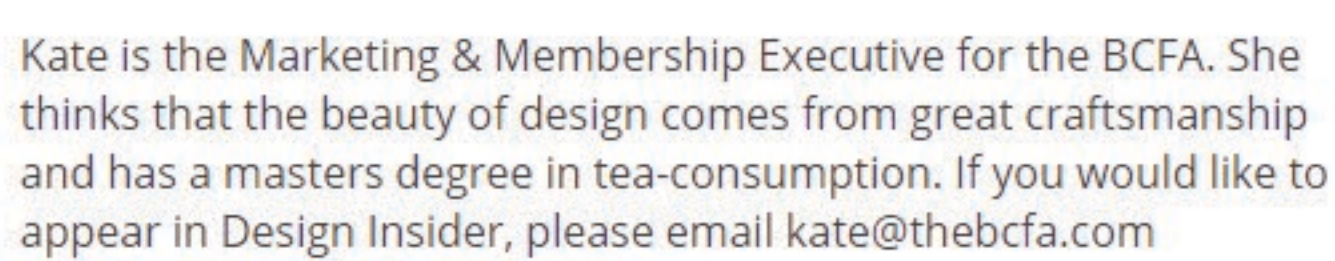

*The artwork images came from the Versace archive, so it was amazing to be able to look through them, print them and work with them.*
